

The Danish Immigrant Museum
AN INTERNATIONAL CULTURAL CENTER

The National Danish Performance Team arrives in Colorado November 14 – 20th, 2010

Hello, Danes and Americans of Danish heritage...my name is Mia Hansen.

60 years ago, my Danish mom and dad were on tour in the US with Flensted Jensen's Danish Gymnastics Team. They fell in love, got married, immigrated to Winston, Oregon, and some 60 years later, here I am, writing to ask you to open up your hearts, your homes, and your wallets to this worthwhile project:

***The US 2010 Tour of the National Danish Performance Team
November 14-20
Brighton, Denver and Aurora Colorado***

***US Tour Fiscal Sponsor: The Danish Immigrant Museum
www.danishmuseum.org***

As a Board Member of the Danish Immigrant Museum, my role is to coordinate the US Tour, and to provide the means for the National Danish Performance Team to teach at schools & clubs, inspire, serve as incredible role models, and to perform publicly in selected locales so you can marvel at what they represent...the best in Danish gymnastics, tumbling, hip-hop, rhythmic dance, ...and here's your chance to see what an excellent group they are. ***We need your help!***

The National Danish Performance Team will bring their inspiring artistic gymnastics performance, workshop and youthful enthusiasm to Brighton and Aurora, Colorado Together, we will provide the means to make this visit the most impactful that it can be. Here's what we need:

MOST OF ALL:

- FINANCIAL SUPPORT – this is a not-for-profit endeavor, supported by the non-profit Danish Immigrant Museum...but there are many costs involved and we need your support.

Please consider a \$100, \$250, \$500 or any level contribution to the Danish Immigrant Museum, to support the National Danish Performance Team project in Colorado

Your support will make it possible for thousands of children and adults to participate in free workshops that will build healthy habits and improve quality of life. Workshops will be held at Brighton, Overland & Hinkley High Schools, Aurora Illusions Gymnastics and other youth centers.

*You know the world gets better “one kid at a time”—if I can borrow a phrase often used by educators. These Danish gymnasts are also incredible educators. They demonstrate to kids of every background and culture in countries around the world, that the path to happiness, success and fulfillment depends on a healthy body, and a deep commitment to excellence. The **National Danish Performance Team** inspires kids and adults alike to strive for the best that they have within them. Come see them perform, and let the whole family, friends, and neighbors experience these shining ambassadors of your Danish heritage...and please, give generously what you can.*

And for whatever you can do...Tusind Tak!
